

QELP

Queensland Educational Leadership Program

Unlock your leadership potential with the Queensland Educational Leadership Program (QELP). The Queensland Government is partnering with Queensland University of Technology (QUT) to deliver this transformative program, tailored for educational leaders in Queensland's long day care services and community kindergartens offering approved kindergarten programs.

This free program supports early childhood professionals to achieve their goals and strengthens leadership across the sector.

Program highlights

Two, 10-week micro-credential courses are offered:

- QELP Foundations: < 3 years experience
- QELP Advanced: > 3 years experience.
- each course has 50 hours of learning, including:
 - 1.5 hours per week of online learning (15 hours total)
 - 3.5 hours per week of independent learning (35 hours total).
- an action research project with a partner
- a showcase event to present your action research project to peers.

Program focus

Both courses will support educational leaders to:

- understand, identify, drive and implement quality practice
- use data and evidence to support practice change
- understand and implement strategies to support children's continuity of early learning.
