What is kindy?

A kindergarten (kindy) is a part-time educational program for children in the year before school.

Kindy is a safe and supportive place, where your little one will make friends, have fun learning through play, and prepare for starting school.

When can my child start kindy?

Your little one can start kindy in the year they turn 4 by 30 June — the year before they start school.

What will my child do at kindy?

At kindy, your child will:
• make friends, share and play with others
• express themselves through art, dance and dramatic play
• learn through new experiences
• become more confident and feel strong
• communicate ideas and feelings
• build on their knowledge and explore new ideas, helping their confident transition to school.

How will we get there?

Some kindies offer no or low cost bus services for pick-up and drop-off.

There are also public transport options available that can help you and your child get to kindy each week.
