

Kindy Uplift planning – Support Resource for step 4 – Evaluation and Critical Reflection template

Kindy Name:  
Advisory Support Contact:

Once you have completed your planning, it is important to continuously review and discuss throughout the year to ensure your plan is meeting the intended outcomes. Evaluation and critical reflection help to understand whether the service’s Kindy Uplift funding is being implemented as intended and recognises achievements and progress towards the outcomes, at a point in time.

You can use the evaluation and critical reflection template provided as a supporting resource to achieve this, or you may choose to do this in a way that best suits your service quality improvement processes.

Evaluation and Critical Reflection template
