

Print and cut-out the Every interaction counts wall banner to display in your service.

Every interaction counts wall

Create a virtual or physical wall where participants finish the sentence:

"Every interaction counts because..."

This could be something for everyone at the service to contribute to become a focus point for sharing joy as children, staff and families walk into the service.

- "...children remember how we make them feel."
- "...small moments each day build confidence."
- "...each day we can keep building those positive relationships"
- "...joy is where learning begins."
- "...connection builds trust."

The wall could be themed for different weeks or seasons across the year too, get creative.
